FAST MISSILE BOAT

MILITARY VESSEL

Swiftships' Fast Missile Boat (FMB) hull and superstructure are constructed of all-welded aluminum alloy. Swiftships proven and time-tested hulls are recognized performers in various surface navies.

The FMB is built to contain and conquer Fast Attack Craft and Fast Inshore Attack Craft threats. Equipped with a wide array of Surface Warfare sensors and weapons, while implementing high-quality design requirements, state-of-the-art combat management system (focusing on offensive and defensive techniques) using top components with a 15-year cycle the 45-meter FMB is a highly survivable and lethal surface vessel.
