## OVERVIEW

Swiftships' 220 ft. Steel Offshore Supply Vessel is an all-welded steel vessel built in accordance with A.B.S. Regulations. The primary function of this vessel is to transport vast amounts of supplies and personnel to and from offshore platforms and facilities. Our proven hulls have made our ships recognized as top performers in the commercial industry. Swiftships' partnerships with numerous vendors ensure that our customers receive a range of top quality machinery and electronics options. Specifications can be modified in accordance to the operator's preferences and needs.

## MACHINERY
